INTRODUCTION:

Welcome to Enframed Aluminium, your trusted source for premium aluminium doors and windows solutions in the heart of the Western Cape, South Africa.

Deon Louw and Willie Beukman started Enframed Aluminium in August of 2022.

With 20 years of experience in glass and aluminium, Deon complements the experience that Willie gained since his introduction to Frameless Glass in 1997.

Together, they offer knowledge and experience in both frameless and framed products. Established with a commitment to quality, innovation, and precision, Enframed Aluminium has emerged as a leading manufacturer and installer in the industry, redefining the way you experience doors and windows.

Our journey begins with a passion for transforming spaces, and our dedication to craftsmanship has made us a name synonymous with excellence. With a focus on design versatility, durability, and energy efficiency, Enframed Aluminium has set the standard for elegant, contemporary, and sustainable living spaces.

Located in the picturesque landscapes of the Western Cape, we draw inspiration from the beauty of our surroundings, reflecting it in every product we create. Our team of skilled artisans, engineers, and designers collaborate to deliver tailor-made solutions that enhance the aesthetic appeal, functionality, and security of your property.

At Enframed Aluminium, we take pride in our commitment to the environment. Our eco-friendly practices, including responsible sourcing and sustainable manufacturing, ensure that our doors and windows not only elevate your lifestyle but also contribute to a greener future.

Join us on a journey where innovation meets aesthetics, and experience the seamless blend of form and function that Enframed Aluminium brings to every project.

Explore our comprehensive range of aluminium doors and windows, and let us create spaces that truly reflect your vision.

Discover the perfect fusion of style and substance with Enframed Aluminium.

Your dream spaces, our precision craftsmanship.

VISION AND MISSION STATEMENT

Our Vision:

At Enframed Aluminium, we envision a world where architectural elegance meets sustainability.

Our vision is to be the leading innovator in the aluminium industry, continuously pushing the boundaries of design and technology to create spaces that inspire, protect, and endure.

We aspire to be the first choice for those who seek excellence in doors, windows, and architectural features, leaving an indelible mark on the landscapes we touch.

Our Mission:

Our mission is to craft exceptional aluminium solutions that transform spaces and enrich lives.

We are committed to delivering first-class products and services that surpass our customers' expectations, offering innovative, energy-efficient, and sustainable solutions that not only meet their needs but also contribute to a greener future.

With a dedicated team of skilled professionals, we aim to create lasting value for our clients, partners, and communities while upholding the highest standards of craftsmanship, integrity, and environmental responsibility.

PRODUCTS AND SERVICES

Our Products:

Framed Aluminium Doors:

Immerse yourself in a world of possibilities with our aluminium door collection. Crafted with precision and elegance, our doors are available in a variety of styles, including hinged, pivot, bi-fold, and sliding aluminium door options, with the inclusion of security shutters.

Features: Robust aluminium frames, thermally efficient profiles, multiple finish options, customizable designs, and exceptional durability.

Benefits: Enhanced security, reduced energy costs, effortless operation, and a seamless blend of indoor and outdoor spaces.

Framed Aluminium Windows:

Let natural light and fresh air grace your interiors with our aluminium window solutions. Choose from casement, shopfront, and sliding aluminium window options.

Features: Precision-engineered frames, double glazing options, noise reduction technology, various color choices, and modern aesthetics.

Benefits: Energy-efficient, noise reduction, easy maintenance, improved ventilation, and a contemporary look.

Frameless Glass Doors:

Experience the epitome of modern design with our frameless doors. Our FG-03 sliding/stacking system is a standout option, offering unobstructed views and easy operation.

Features: Frameless design, precision-engineered hardware, smooth sliding or stacking functionality, and multiple configurations.

Benefits: Unparalleled aesthetics, increased natural light, effortless access to outdoor spaces, and a sense of spaciousness.

Variations: We also offer frameless hinged and pivot doors, which can be customized as shower doors for a touch of luxury in your bathroom.

Frameless Balustrading:

Enframed Aluminium brings an array of balustrading options to enhance safety and style. Choose from:

Top-mount on spigots: A sleek and minimalist look, ideal for balconies and terraces.

Within an aluminium ultra channel: Offering a contemporary appearance with exceptional strength.

Recessed in concrete: A seamless, integrated solution for a clean and minimalist finish.

Within a galvanized channel: Providing durability and stability, suitable for various applications.

Side-mounted balustrading: A versatile option to suit your specific design preferences.

Pergolas:

Elevate your outdoor living spaces with our pergolas, combining the beauty of nature with modern design. Our pergolas offer shade, shelter, and style.

Features: Sturdy aluminium framework, customizable design options, and the ability to integrate lighting and shading systems.

Benefits: Year-round outdoor enjoyment, protection from the elements, and a sophisticated outdoor living experience.

Glass Roofs:

Enframed Aluminium offers stunning glass roofs that bring the sky into your living spaces. Let natural light flood your interiors while maintaining climate control.

Features: High-quality tempered glass panels, robust aluminium framing, customizable designs, and weatherproofing.

Benefits: Brighter, more inviting spaces, energy efficiency, and an open-air ambiance indoors.

Our Services:

Custom Design and Fabrication:

We understand that every project is unique. Our team of experienced designers and engineers collaborates with you to create bespoke aluminium doors and windows tailored to your specific needs and style preferences.

Features: Endless design possibilities, consultation services, CAD design, and 3D modeling.

Benefits: One-of-a-kind solutions, seamless integration with architectural visions, and superior craftsmanship.

Installation and Maintenance:

Enframed Aluminium doesn't just provide exceptional products; we also offer professional installation services to ensure a perfect fit and functionality.

Features: Certified installation teams, adherence to industry standards, and post-installation support.

Benefits: Peace of mind, hassle-free experience, and prolonged product lifespan.

Energy Efficiency and Sustainability:

We are committed to eco-friendly practices and energy efficiency. Our products are designed to minimize environmental impact while maximizing energy savings.

Features: Thermal break technology, low-emissivity glass options, and responsible sourcing.

Benefits: Lower energy bills, reduced carbon footprint, and a contribution to a sustainable future.

PARTNERSHIPS

Enframed Aluminium's partnership with Frameless Glass represents a synergy of two industry leaders, coming together to offer a comprehensive and unparalleled range of framed and frameless architectural solutions. In this strategic collaboration, Enframed Aluminium serves as an agent for Frameless Glass, harnessing the strengths and expertise of both companies to deliver exceptional value to clients.

As an agent for Frameless Glass, Enframed Aluminium acts as a bridge between discerning customers and the top-tier frameless glass products and services provided by Frameless Glass. This partnership is founded on shared values of innovation, quality, and customer-centricity, ensuring that clients receive a seamless and exceptional experience from start to finish.

Enframed Aluminium's role as an agent entails several key responsibilities:

- **Expert Consultation:** Enframed Aluminium's team of experienced professionals acts as a trusted advisor, guiding clients through the selection and customization of frameless glass solutions offered by Frameless Glass. They provide expert consultation, sharing insights and recommendations to help clients make informed decisions.
- **Streamlined Procurement:** Enframed Aluminium streamlines the procurement process by facilitating direct access to Frameless Glass's premium products and services. This ensures clients have easy and efficient access to the highest-quality frameless glass solutions available in the market.
- **Tailored Solutions:** Enframed Aluminium works closely with clients to understand their unique needs and design preferences. They collaborate with Frameless Glass to customize solutions that align with clients' visions, ensuring that every project is a reflection of the client's style and requirements.
- **Project Management:** Enframed Aluminium assumes responsibility for project management, overseeing the installation and implementation of frameless glass products and ensuring that all aspects of the project are executed flawlessly and on schedule.
- **Quality Assurance:** Enframed Aluminium upholds the commitment to quality synonymous with both companies, conducting rigorous quality control checks to ensure that the final installation meets the highest industry standards and exceeds client expectations.

By acting as an agent for Frameless Glass, Enframed Aluminium extends its dedication to excellence in aluminium solutions to the realm of frameless glass, providing clients with a one-stop destination for premium architectural features that combine aesthetics, durability, and sustainability. Together, Enframed Aluminium and Frameless Glass are redefining modern architecture, transforming spaces, and elevating the art of living and working.

CORPORATE SOCIAL RESPONSIBILITY (CSR) POLICY

At Enframed Aluminium, we believe that corporate success should go hand-in-hand with social responsibility. We are committed to making a positive impact on our communities and the environment in which we operate. Our Corporate Social Responsibility (CSR) policy reflects our dedication to ethical business practices, sustainability, and giving back to society.

The following initiatives form part of our policy:

Sustainable Manufacturing:

We prioritize responsible sourcing of materials and sustainable manufacturing processes. Our goal is to reduce our carbon footprint by optimizing energy efficiency, minimizing waste, and investing in eco-friendly technologies.

Environmental Stewardship:

Enframed Aluminium is dedicated to protecting the environment. We actively seek ways to reduce greenhouse gas emissions, conserve resources, and minimize the environmental impact of our operations.

Employee Well-being:

We value our employees as our most important asset. Our commitment to their well-being includes providing safe working conditions, fostering a diverse and inclusive workplace, offering continuous training and development opportunities, and promoting a healthy work-life balance.

Community Engagement:

Enframed Aluminium is deeply rooted in the communities where we operate. We aim to actively engage in community initiatives, supporting local organizations, schools, and charities through donations, volunteer work, and sponsorships.

Education and Skill Development:

We believe in empowering future generations. Enframed Aluminium aims to sponsor educational programs and workshops, particularly in the fields of engineering, design, and sustainability, to nurture talent and provide opportunities for personal growth.

Ethical Business Practices:

Our commitment to integrity extends to our business practices. We adhere to strict ethical standards, ensuring transparency, honesty, and fairness in all our interactions with stakeholders.

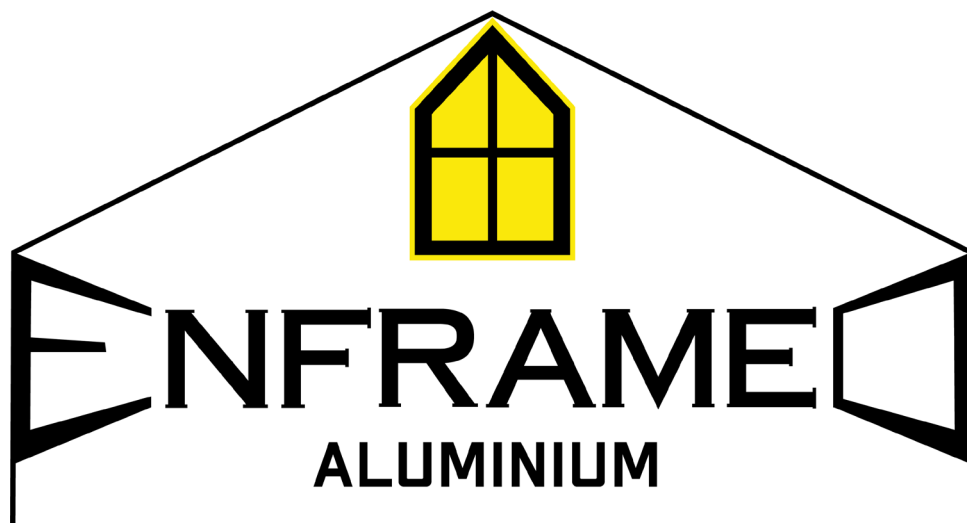

Product Sustainability:

Enframed Aluminium is dedicated to producing products that contribute to energy efficiency and sustainability. Our doors, windows, and architectural features are designed to reduce energy consumption and promote eco-friendly living.

Continuous Improvement:

At Enframed Aluminium, we see our Corporate Social Responsibility not as an obligation but as a genuine commitment to creating a better world. We are proud to be a responsible corporate citizen, and we will continue to evolve our CSR initiatives to address the ever-changing needs of society and the environment. Together, we can build a more sustainable and inclusive future. We continually evaluate and refine our CSR initiatives to make a more significant and lasting impact. We welcome feedback from our stakeholders to ensure that our efforts remain relevant and effective.
